OF PAGES 1 PLACE ACQUIRED NO. OF ENCLS. DATE OF I SUPPLEMENT TO 25X1X REPORT NO.

- 1. A force of about 2000 men of the Albanian Army is in the region from Kardhikac to Mistritsa (sic) and along the river as far as the village of Foinikion (sic), near Delvine. Along this entire line soldiers and civilian convicts are working regularly at the construction of earthworks and underground fortifications. This work is done during the night, and the fortifications are covered with rows of tree trunks covered with a thick layer of earth, and so built up in alternate layers.
- 2. Similar fortifications are being constructed on the height Kalja (near Delvine), at Suhe, Polican, and at Makrikambos from Chlomos (sic) to the heights of Radat and Episkop.
- 3. Anti-aircraft guns are installed at Delvine on Kalja height and on the heights at the villages of Bamatat, Foshanj, and Finia, near Delvine.
